Aviators Who Will Contest at Rheims

ROBERT ESNAULT PELTERIE

BIG AERO RACE

Success of American at Rheims Would Bring Contests to This Country in 1910.

PARIS, August 12 .- Glenn H. Cur-

iss, the American aviator, arrived here o-day, but proceeded immediately for Rheims, where he will represent the

Aero Club of America in the international aviation cup race on August On his arrival at Rheims to-morrow he will set up his flying machine pre-paratory to making practice flights. After the Rheims meeting, Mr. Curtiss will proceed to Brescia, Italy, to take part in aeroplane races there.

idmitted here that Glenn H. Curtiss, the American aviator, has a good chance of winning the international aeroplane race which starts here on August 22. Should he be successful the 1910 races would be held in America and the world's second champion rica and the world's second champion-ship would be seen near Hempstead Plains, near Mineola, L. I., where Mr., Curtiss made his first notable flight. Curtiss made his first notable night.

If precedents count for anything,
American aeronauts are warranted in
their prophecy that Mr. Curtiss will be
the first winner of the trophy.

When the international trophy for
spherical balloons was first offered, in spherical balloons was first offered, in 1906, it was won by an American under conditions not unlike those in which Mr. Curtiss is entering the competition for the flying machine trophy. The first international balloon race started from Paris September 30, 1906, and Lieutenant Frank P. Lahm, like Mr. Curtiss, was the sole representative of the Aero Club of America. His words. Special summer rates, \$1

B. Hersey as his aide. Ho had, perhaps the september of the september and the last moment, with Major Henry as the saide. Ho had, perhaps, less experience than any other aeronaut in the race.

But he won it gloriously and took the trophy to America.
